"I'm now able to bridge the gap between customers and engineering teams to make a real impact. I use what I learned from my professional master's degree every day."

John Bliss
Professional Master's in Applied Systems Engineering

"Others try but don't get it right. Georgia Tech makes sure participants internalize the conceptual aspects of project management and apply them to their jobs as they learn."

Chris Sticher
Project Management Certificate

"(The Professional Master's in Manufacturing Leadership) had the right level of perspective and the right skills for me at this point in my career. And it really mattered to me that it came from the Georgia Tech College of Engineering."

Amanda Dannemiller
Professional Master's in Manufacturing Leadership
